Full Stack Web Developer with a background in Psychology and Chemistry. Passionate about learning new ways to apply and expand my current knowledge. Excited to delve deeper into javascript and create web/mobile applications. Excels at working with others to accomplish agreed upon essentials of projects.

Technical Skills: Node.Js, Express, JavaScript, jQuery, GIT, Github, MongoDB, MySQL, Sequelize, Firebase, HTML, CSS, Bootstrap, Media Queries, APIs, JSON, AJAX, Handlebars, the command line

Applications Built

GGtrivia

- A sudden death trivia game with built in leaderboard and question submits
- Developed Sequelize Backend as well as some jQuery functionality of this project
- Sequelize, jQuery, Animate.CSS
- <https://guarded-crag-98032.herokuapp.com/>

Exoplanet Finder

- A exoplanet sorter which display planets, shows weight on planet and relative size of planet compared to Earth
 - Developed a weight converter, used jQuery to communicate and display features
 - jQuery, Firebase, CSS, HTML
 - <https://awesome-team-999.github.io/Project-1/>
-

Work Experience

Fairview Health Services - Psychiatric Associate

2/2017 - Current

- Recognized by Charge Nurse for work in solving difficult situations, such as helping patients calm down before getting physically aggressive
- Worked every day in tandem with team to create a safe, calm environment by communicating needs of the unit thoroughly with others

ACR Homes - Direct Care Professional

10/2015 - 06/2017

University of Minnesota Security Monitor Program - Security Monitor

09/2013 - 11/2015

Education
